## HOSTETTER'S

STOMACH BITTERS.

The proprietors and manufacturers of HOSTETTER'S CELEBRATED STOMACH BITTERS can appeal with perfect confidence to physicians and citizens generally of the United States, because the article has attained a reputation heretofore unknown. A few facts upon this point will speak more powerfully than volumes of bare assertion or blazoning puffery.

The consumption of Hostetter's Stomach Bitters for the last year amounted to over a half-million bottles, and from its manifest steady increase in times past, it is evident that during the coming year the consumption will reach near one million bottles. This immense amount could never have been sold but for the rare medicinal properties contained in the preparation, and the action of it on the most prominent physicians in those sections of the country where the article is best known, who not only recommend the Bitters to their patients, but are ready at all times to give testimonials to its efficacy in all cases of stomachic derangements and the diseases resulting therefrom.

This is not a temporary popularity, obtained by extraordinary efforts in the way of trumpeting the qualities of the Bitters, but a solid estimation of an invaluable medicine, which is destined to be as enduring as time itself.

Hostetter's Stomach Bitters have proved a Godsend to regions where fever and ague and various other bilious complaints have counted their victims by hundreds. To be able to state confidently that the "Bitters" are a certain cure for the Dyspepsia and like diseases, is to the proprietors a source of unalloyed pleasure. It removes all morbid matter from the stomach, purifies the blood, and imparts renewed vitality to the nervous system, giving it that tone and energy indispensable for the restoration of health. It operates upon the stomach, liver, and other digestive organs, mildly but powerfully, and soon restores them to a condition essential to the healthy discharge of the functions of nature.

Elderly persons may use the Bitters daily as per directions on the bottle, and they will find in it a stimulant peculiarly adapted to comfort declining years, as it is pleasant to the palate, invigorating to the bowels, excellent as a tonic, and rejuvenating generally. We have the evidence of thousands of aged men and women who have experienced the benefit of using this preparation while suffering from stomachic derangements and general debility, acting under the advice of physicians, they have abandoned all deleterious drugs and fairly tested the merits of this article. A few words to the gentler sex. There are certain periods when their cares are so harassing that many of them sink under the trial. The relation of mother and child is so absorbingly tender, that the mother, especially if she is young, is apt to forget her own health in her extreme anxiety for her infant. Should the period of maternity arrive during the summer season, the wear of body and mind is generally aggravated. Here is a necessity for a stimulant to recuperate the energies of the system, and enable the mother to bear up under her exhausting trials and responsibilities. Nursing mothers generally prefer the Bitters to all other invigorators, because it is agreeable to the taste as well as certain to give a permanent increase of bodily strength.

All those persons, to whom we have partly already referred above, to wit: sufferers from fever and ague, caused by malaria, diarrhoea, dysentery, indigestion, loss of appetite, and all diseases or derangements of the stomach, superannuated invalids, persons of sedentary occupation, and nursing mothers, will consult their own physical welfare by giving to Hostetter's Celebrated Stomach Bitters a trial.

CAUTION.—We caution the public against using any of the many imitations or counterfeits, but ask for HOSTETTER'S CELEBRATED STOMACH BITTERS, and see that each bottle has the words "Dr. J. Hostetter's Stomach Bitters" blown on the side of the bottle, and stamped on the metallic cap covering the cork, and observe that our autograph signature is on the label.

Prepared and sold by HOSTETTER & SMITH, Pittsburgh, Pa., and sold by all druggists, grocers, and dealers generally throughout the United States, South America, and Germany.

## THE COMMONWEALTH.

### THE TWO VILLAGES.

[From the Yeoman.]  
Over the river on the hill,  
Lies a village white and still;  
All around it the forest trees  
Shiver and whisper in the breeze;  
Over it sailing shadows go  
Over the hawthorn and the rose,  
And mountain grasses, low and sweet,  
Grow in the middle of every street.

Over the river under the hill,  
Another village lies still;  
There I see, in the cloudy night,  
Twinkling stars of household light—  
Fires that gleam from the smithy's door,  
Mists that curl from the river's shore;  
And in the road no grasses grow  
For the wheels that hasten to and fro.

In that village on the hill  
Never a sound of smithy or mill,  
The houses are thatched with grass and flowers,  
Never a clock to tell the hours;  
The marble doors are always shut,  
You cannot enter in hall or hut;  
All the villagers lie asleep;  
Never a grain to sow or reap;  
Never in dreams to mourn or sigh;  
Silent and idle and low they lie.

In that village under the hill,  
When the night is starry and still,  
Many a weary soul in prayer  
Looks to the other village there,  
And weeping and sighing longs to go  
Up to that home by the forest side,  
Longer to sleep by the forest wild  
Whither have vanished wife and child,  
And hearth praying this answer fall—  
"Patience that village shall hold ye all!"

MR. ABEL offered the following as a substitute for said resolutions:  
Resolved, That whatever may be the constitutional judgments of the Federal or State authorities, as to the legal powers of force or coercion on the one side, or the right of resistance or self-defense on the other side, both the Federal and State authorities should carefully abstain from all action tending to further irritation or discord; that the existing status of possession, and all contested rights of property or jurisdiction, shall not be invaded during the pendency of efforts for reconciliation; and if, unhappily, all hope of the restoration of the Union shall be blasted, we solemnly protest against any compulsory

action by the Federal authorities, against the people or authorities of the States, which have or may dissolve their union in the Confederacy and recommit a fair and just portion of the common property of the United States, as well as the cultivation of the most amicable relations with such States.

Resolved, That copies of the foregoing resolutions be forwarded by the Governor of Kentucky to the President of the United States, and to the Governors of each of the States.

MR. GAITHER moved to amend the original resolution by inserting "any such seceding States;" adopted.

MR. CHAMBERS offered the following amendment to Mr. HARRISON'S resolutions, which was adopted, viz:  
Resolved, That should the President refuse to comply with the request hereby made, it is the judgment of Kentucky that both the Federal and State authorities should carefully abstain from any act tending to a collision of arms; and that the present status of possession should not be interfered with by either party.

MR. FINN offered the following as an amendment to Mr. CHAMBERS' amendment, viz:  
If any such State shall, by coercion, attempt to force from the possession of the Federal Government any property now in the possession of said Government, such act of coercion will meet the disapprobation of this State.

MR. HODGE moved to make the resolutions and amendments the special order for 10 1/2 o'clock to-morrow: rejected—yeas, 45; nays, 50.

MR. BURBRIDGE moved to lay the resolutions and amendments on the table: rejected—yeas, 44; nays, 50.

MR. LANNON moved the previous question: withdrawn.

Before any vote was taken, the SPEAKER announced the

REGULAR ORDER.  
Which was the several resolutions offered by the committee on Federal Relations.

The vote being taken, the House refused to go into committee of the whole on said resolutions.

The House again resumed the consideration of the resolutions offered by Mr. HARRISON, and the several amendments thereto.

MR. HITT moved the previous question: rejected.

MR. CLEARY offered the following as a substitute for Mr. FINN'S amendment, viz:  
If, unhappily, all hope of the restoration of the Union shall be blasted, we solemnly protest against any compulsory action of the Federal authorities against the people or authorities of the States which have or may dissolve their union in the Confederacy, and recommend a fair and just partition of the common property of the United States, as well as the cultivation of the most amicable relations with such States.

The vote being taken, the substitute was rejected—yeas, 43; nays, 52.

MR. GAITHER offered the following amendment to Mr. FINN'S amendment, which was adopted—yeas, 51; nays, 45, viz:  
Unless the seizure of the forts, arsenals, and public property of the United States, by a seceding State, be necessary for the self-defense and preservation of the rights and liberties of such States from an attack on them by the General Government.

MR. FINN'S amendment, as amended, was then adopted—yeas, 77; nays, 17.

The hour of 12 o'clock having arrived the SPEAKER announced the

# THE COMMONWEALTH.

### Military.

The amendments proposed by the bill of Mr. Machen to the military law which was smuggled through the last Legislature after most of the members had gone home, are all that is needed to make that law perfectly despicable and tyrannical. By its provisions the Inspector General would have more despotic power over the citizens of Kentucky than is claimed by any of the crowned tyrants of the old world. By the construction which the present Inspector General puts upon the military law supposed to have passed at the last session, an officer or a soldier of the Governor's Guard cannot change his breeches without first getting the consent of the Inspector General. The whole thing is an atrocious humbug. It is anti-republican, and should be repealed by the present Legislature. It deprives a citizen soldier of his liberty; nay, his manhood, and reduces him to a point many degrees below a Russian serf. It is not adapted to our free institutions, and the people of this age and of this State are not adapted to the despotic edicts of "fuss and feathers."

We trust that the Legislature will repeal the law as it now stands, and give us a rational one in its stead.

"MILITARY AFFAIRS."—We are surprised to learn that by some our article of last Thursday, under the above caption, was so construed as to cast reflections upon Quarter Master General M. D. West. Nothing was further from our intention. We were speaking of the law, and not of its officers, either past or present. In this connection we may be permitted to testify to the ability, honesty, and efficiency of the present Quarter Master General. He is a good officer, and is not at all responsible for the errors of the military law.

W. W. CLEARY, Esq.—This gentleman made a very eloquent secession speech in the House of Representatives during the evening session yesterday. Mr. Cleary is an able man, and without disparaging the abilities of any other lover of Yancey in the lower House, we believe he is the ablest man there who is afraid of Lincoln, and wants to secede before the 4th of March. Mr. Cleary favored a State Convention and a Southern Confederacy. If he lived in South Carolina, he would give Mr. Keitt a good deal of trouble in the way of rivalry.

It will be seen by our special dispatches that Col. Hayne's negotiations with the President are at an end. In reply to the proposition of South Carolina to purchase Fort Sumter, the President briefly informed the Secessionist Commissioner that Congress alone had authority to dispose of the Federal property.

It is generally supposed that South Carolina will attack Fort Sumter as soon as Hayne—the commissioner—gets home. If the foolatics fire a gun at Fort Sumter, we hope that Anderson will shoot the head off of the last one of them. "Them's our sentiments," and we don't care a continental anathema who knows it.

It often happens with people who were born with "silver spoons in their mouths," that when they grow up, nothing can be seen of them but the spoons.

[Miss Dill's Gazette.]

Is it for that reason they are called "Spoons?"

The House of Representatives spent most of the time yesterday in committee of the whole. The several reports of the committee on Federal Relations was up for discussion before the committee.

The Democrats and Bell men of St. Louis effected a fusion on Saturday night, and then nominated an anti-secession ticket for the Convention.

The Governor of Vermont, on Saturday, appointed Commissioners to the Washington Border State Convention.

The Tennessee Legislature on Thursday refused to appropriate a dollar to arm the State.

### Kentucky State Agricultural Society.

A meeting of the Board of Directors will be held at the Agricultural room in the city of Frankfort, on the 6th day of February 1861, for the purpose of receiving propositions from the several local societies for holding with them the Sixth Annual Kentucky State Fair. Parties making propositions will please accompany them by statements of the extent of their grounds, the size and character of their buildings, fences, &c., and the nature of the public thoroughfares by which they are reached. A full attendance is desired. A liberal list of premiums will be made, and arrangements for holding a tobacco exhibition in the southern part of the State.

FASHIONABLE TAILOR.—J. W. Voornis has a large assortment of gentlemen's furnishing goods, and is prepared to make up, in short notice, all kinds of garments in good style, and at prices to suit the times.

He has also an extensive assortment of under-clothing, gloves, suspenders, shirts, &c., &c. Give him a call.

### Indiana Commissioners.

INDIANAPOLIS, Feb. 2. The Governor yesterday appointed Hon. C. B. Smith, P. A. Hackleman, G. S. Orth, E. W. H. Ellis, and S. C. Slaughter, Commissioners to Washington.

### Federal Relations.

As a matter for future reference we publish below the report of the select committee on Federal Relations, and the action thereon by the Senate:

SPECIAL ORDER FOR 10 1/2 O'CLOCK.

Mr. FISK, from the select committee, to whom was referred the various reports from the committee on Federal Relations, reported the following resolutions as their unanimous opinion, viz:

Resolved by the General Assembly of the Commonwealth of Kentucky, That the people of Kentucky view, with the most lively apprehension, the dangers that now environ the Union and threaten its perpetuity.

Resolved, That we appeal to our southern brethren to stay the work of secession—to return and make one mighty effort to perpetuate the noble work of our forefathers, hallowed by the recollections of a thousand noble deeds.

Resolved, That we protest against the use of force or coercion by the General Government against the seceding States, as unwise and inexpedient, and tending to the destruction of our common country.

Resolved, That as this General Assembly has made an application to Congress to call a National Convention to amend the Constitution of the United States, and requested the Legislatures of all the other States to make similar applications, and has appointed Commissioners to meet those which have been appointed by the State of Virginia, and such as may be appointed by other States, at a designated time and place, to consider, and if practicable, agree upon some suitable adjustment of the present unhappy controversy, it is unnecessary and inexpedient for this Legislature to take any further action on this subject at the present time, and as an evidence of the sincerity and good faith of our propositions for an adjustment, and our expression of devotion to the Union, and desire for its preservation, Kentucky awaits with deep solicitude the responses from her sister States.

Resolved, That this General Assembly will, when it adjourns on the 4th day of February next, at 12 o'clock, M., it will adjourn to meet again at this place on the 4th Wednesday in April next, to take into consideration the responses of our sister States, and the then condition of the nation, and to adopt such measures as may be proper, and the interests of Kentucky may require.

JOHN F. FISK.

WM. B. READ.

JOHN B. BRUNER.

JAMES SIMPSON.

THORNTON F. MARSHALL.

HARRISON TAYLOR.

L. H. ROUSSEAU.

Mr. ANDREWS moved to amend the 5th resolution—fixing the day of adjournment on the 4th—by "striking out 4th and inserting 6th of February."

Mr. BRUNER moved the previous question: ordered—yeas 20; nays 17.

The amendment of Mr. ANDREWS was then adopted—yeas 24; nays 13; and the 6th of February inserted as the day for adjournment.

The vote was then taken on the adoption of the resolutions as amended, and they were adopted by the following vote:

Yeas.—Messrs. Alexander, Andrews, Barrick, Bruner, Chambers, Cosby, DeHaven, Denny, Fisk, Gillis, Glenn, Haycraft, Jenkins, Johnson, Marshall, Pennebaker, Read, Ehea, Rousseau, Simpson, Taylor, Wait, Walker, Walton, Whitaker—25.

Nays.—Mr. Speaker (Porter), Messrs. Anthony, Boles, Cissell, Davidson, Gibson, Grover, Grundy, Irvan, McBrayer, Prall, Rust—12.

One of the humanitarian movements of the times although little known as such can hardly be over estimated in its importance upon the well being of our widely scattered communities. The population of the American States is in many sections so sparse, that skillful Physicians are hardly available to them. Vast numbers of our people are obliged to employ in sickness, such medical relief as they can hear of from each other, or indeed any they can get from any quarter. Hence arises the great consumption of Patent Medicines among us, greater by far than in any of the old countries, where skillful Physicians are accessible to all classes. Unprincipled men have long availed themselves of this necessity, to palm off their worthless nostrums, until the word has become synonymous with imposition and cheat. One of our leading Chemists in the East, Dr. Ayer, is pursuing a course which defeats this iniquity. He brings not only his own but the best skill of our times to bear for the production of the best remedies which can be made. These are supplied to the world, in a convenient form, at low prices, and the people will no more buy poor medicines instead of good, at the same cost, than they will bran instead of flour. The inevitable consequence of this is that the vile compounds that flood our country are discarded for those which honestly accomplish the end in view, which cure. Do we over estimate its importance, in believing that this prospect of supplanting the by-word medicines, with those of actual worth and virtue, is fraught with immense consequence for good, to the masses of our people.

[Gazette and Chronicle, Peru, Ia.]

"Search for and hold fast that which is good," which is an old saying, and truly verified in Dr. McLean's Medicines—the celebrated Strengthening Cordial and Blood Purifier and McLean's Volcanic Oil Liniment. There have never been remedies that have become so deservedly popular in so short a time as those; they can now be found in the closets of nearly every family in this city, ready for use when required, because they will act just as is stated in the directions. See the advertisement in another column.

Among the corporators in the Pacific Railroad bill, now before Congress, are the names of these Kentuckians, viz: Ben. J. Adams, Jacob Swigert, John S. Robinson, John T. Bunch, W. B. Wall, and John W. Fennell. They were added at the suggestion of Senator Crittenden.

President Buchanan has signed the bill for the admission of Kansas, and Mr. Conway has taken his seat as Representative from that State.

There will be a "hop" at the Capital Hotel on Friday night, next.

### (Special Dispatches to the Cincinnati Gazette.) Affairs at the National Capital.

WASHINGTON, Feb. 2.

If Col. Hayne does not leave for home soon, the President will give him his walking papers to-morrow.

It is certain that Fort Sumter will be attacked this month if not surrendered.

Three car loads of artillery troops from Fort McHenry arrived here this morning. The evidence before the Investigating committee in regard to the projected attack on this city is not very positive in its character, but Gen. Scott finds sufficient cause for taking precautions.

Gov. Lowe and other Marylanders are before the committee of five to-day.

The whole plan of attacking Fort Sumter has been arranged. The secessionists will place their guns at Mount Pleasant, in a place not commanded by any guns mounted at Fort Sumter.

They thus expect to make a breach in the walls of the fortress in less than twenty-four hours.

The assault will then be made in boats, under cover of the night.

Ex-Secretary Floyd has written here to announce that he will come to this city to stand trial, and will not enter on the canvass with the secessionists.

The letter of Col. Hayne, the South Carolina Commissioner, to the President, argues the right of South Carolina entering into a negotiation for the purchase of the property of Fort Sumter of the Federal Government. The President replied that he has no authority, express or implied, to dispose of any part of the federal property. Congress alone has power to dispose of it. To Congress, therefore, application must be made. This reply, of course ends the matter.

The latest advices from Fort Pickens state that many of the secessionist troops who had crowded in from all parts of Florida, Alabama and Louisiana are leaving in disgust, finding that Lieut. Slemmer is so strongly entrenched in his position. There is no immediate prospect of a fight.

Party feeling in Maryland is most embittered and fierce. The contest is especially raging between the Convention and the anti-Convention men. The latter have the support of the Governor, while the former are determined to hold a Convention, whether authorized or not.

A large number of delegates to the Convention to be held in this city to-morrow, have already arrived. Their sentiments, as expressed, are conciliatory, and strong hope is entertained that the conference will result in the proposal of such a basis for compromise as will be acceptable to the Border States.

The story that the Baltimore & Ohio railroad had stationed guards at the bridges on its line, to prevent secessionists from destroying them, should Mr. Lincoln pass over the road, is an absurd falsehood. Nobody has threatened mischief, and no trouble under any circumstances is apprehended.

Thirty-four guns were fired here yesterday, in honor of the admission of Kansas.

Nearly four hundred thousand dollars falls into the hands of the secessionists by the seizure of the mint at New Orleans. There is no other news of importance from the South.
